Movement: Ripple, Wave, Vibration

Taos Center for the Arts (TCA), Taos Ski Valley and Town of Taos Community Events are pleased to announce *Movement: Ripple, Wave, Vibration*, an exhibition

Water, land, sound, light, and ourselves. Movement in the environment, in nature, in daily life. After a time of individuals needing to be still or having to be still, this show seeks to explore *movement* and elevate visual art made by students who recognize that movement continues and is continuous in our wide world.

Call for Work

- WHO: This exhibition will feature the work of Taos students (grades 6-12)
- WHEN: March 26 through April 30, 2021
