Call for musicians bands musical projects & concepts

Concept:

After we've all been creating independently for the last year, let's share music in person in a listening room style environment. Performances are designed for people to feel comfortable, safe and to enjoy live music together.

Duration:

[1] 50-55 minute set, no intermission. If there are 2 performers/bands, various combinations of set lengths that amount to no more than 70 minutes.

Possible Formats:

OUTDOOR

Drive-in at the backlot of TCA. Sound transmitted over FM radio to vehicle stereos. No PA system. Up to 45 vehicles.

INDOOR*

Backstage / Auditorium
Encore Gallery
Encore Patio / Gallery

*capacities vary

Production:

TCA staff will work with musician/group to devise suitable format/feel. TCA does not have an in-house sound engineer, but TCA will work with musicians/groups to create a positive playing and listening experience by either [1] assisting in finding a sound tech who will work for a % of ticket sales or [2] facilitating use of TCA equipment.

Terms: % split of ticket sales
