

TCA Drive-In Open Screen Call for Submissions

Thank you for your interest in TCA Drive-in Open Screen!

Let's share digital art projects on the back wall of TCA!

Guidelines:

All forms of digital media projects in all genres are welcome; short films, projection art, animation projects, music videos. Works in progress are also welcome. We welcome creative work from organizations; promotional material will not be accepted.

Length of work: We invite short projects, 1 min - 15 mins in length so that we are able to showcase many artists. We anticipate a drive-in program no longer than 60 minutes, which will feature the work of multiple artists. Depending on the number of submissions we receive, TCA may host multiple open screen nights.

File specifications and delivery:

- Format: .mp4, 1920X1080
- File name: Artist Name_Project Title
- Submission options: upload to Google submission form, provide link to DropBox or Google Drive, transfer file to info@tcataos.org using WeTransfer. We will also accept in person delivery of a thumb drive.

Submission Deadline: **September 23, 2021.**

When will this happen? We're aiming to have drive-in open screens start around Sept. 30th.

How to submit: Upload your submission through [this google form.](#)

If a Google form submission won't work for you or if you have questions, reach us at info@tcataos.org.
