

TAOS CENTER
FOR THE ARTS

HOUSE RULES

Keeping TCA and Taos communities safe and healthy is our priority. Based on the latest research and recommendations from the CDC and the State of New Mexico, **we require the following for in-theater events:**

- **Proof of vaccination or a negative Covid test** taken within 72 hours of showtime.* (This includes artists, staff members, volunteers, and stage crew)
- **Masks**—except when eating and drinking, in the Encore Gallery and theater
- **Social distancing**—please keep six feet apart from people outside your pod
- **Please stay home** if you or a person you have been in contact with is experiencing symptoms of COVID-19

***Vaccine card, photo of card, or negative test result** must be presented at box office or emailed to info@tcataos.org

Note: Vaccination proof requirement only applies to in-theater events. Masks are required in the Encore Gallery; Masks are strongly encouraged in the Stables Gallery.

What TCA has done:

- **HVAC upgrades**—CDC recommended HVAC air purifying filters positioned strategically throughout theater and galleries
- **Spaced Seating**—reduced theater and gallery capacity, requiring empty seats left between separate parties
- **Contactless ticketing**—tickets will be made available for purchase online and in advance
- **Limited concessions**

Health and safety are our priority at TCA, and we are excited to welcome you back to our spaces!
